Hilton Garden Inn, Levis Commons

Exhibitors

The Internship Event is an annual event that brings together students, professionals and potential employers. This event is designed to prepare and educate students as they begin their professional careers, helping them to find and excel in internship positions. This event is free to college students in Toledo and surrounding areas.

The annual event has traditionally featured panels, comprised of professionals within the communications, marketing, public relations and media industries. This format allows students to not only learn from professionals within their desired industry, but have the opportunity to ask questions and form a dialogue with them.

This year's event will be held on Saturday, November 4 at the Hilton Garden Inn, Levis Commons. The event will include a panel of six well-regarded experts who will share their unique thoughts and perspectives with students.
